● The secret to achieving the perfect base is...

to apply foundation with a short buffing brush in upward circular motions. This gives a flawless airbrushed finish.

● My favourite make-up tip is... apply a peach highlighter in a shade lighter than your skin to the inner and outer corners of the eyes and along cheekbones. Then dust with a brightening powder. This illuminates eyes and slims the face.

● Jetsetters should definitely invest in... Youngblood Mineral Cosmetics in The Mist Recharge Ginger and Mint (£20) - it really freshens tired skin.
